WE BRING THE THEATRE TO YOU

This educational production is aimed at Key Stage 2 children.
It helps reinforce the National Curriculum and shows them
the benefits of reading in an entertaining way.

It was a very enjoyable show, the set was wonderful and so were the costumes.

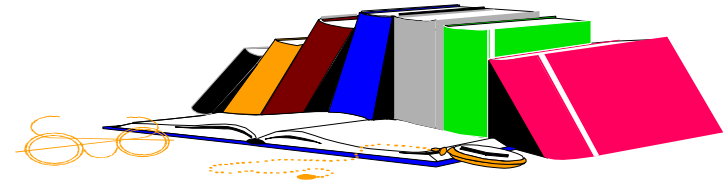

The length of the show was just right for the end of the day.

The actors were on time, set up with ease and were cleared away very quickly.

Great show!

ST BERNADETTE'S PRIMARY, Pentwyn, Cardiff

Jack has to stay in the house all day, but he doesn't mind because he is going to play on his new computer game. Suddenly the electricity turns off and Jack is left with no games and no television. The whole day stretches out before him....boring! Then he hears someone....

Its the Book Keeper, who suggests that Jack reads a book but the idea horrifies Jack. A book, why would he want to read a book?

The Book Keeper explains to Jack that reading will help him in so many ways and tells him how much fun he will have.

As Jack starts to read his books the characters come to life and Jack soon finds himself in the middle of his very own story.
